

DECLASSIFIED

Michael Wood

Iraq Post-Conflict

The Foreign Secretary was grateful for your minute of 28 February: "good advice". Having UN authority for post-conflict occupation makes sense politically as well as legally. The Foreign Secretary would be happy to receive further advice from you about whether or not he should lobby Secretary Powell on progress. (Developments in the last 24 hours may mean this is no longer necessary ...)

4 March 2003
